# The art of growing

**NL** In deze catalogus presenteren wij ons volledige assortiment Fuchsia, Pelargonium Grandiflorum, Angel Pelargonium en Argyranthemum. Wij zijn u komend seizoen graag van dienst in het produceren en leveren van jonge planten. Daarnaast kunnen wij u voorzien van deskundig teeltadvies en bieden wij ondersteuning in de promotie van uw producten.

Met vriendelijke groet,  
Hans, Fred en Ruud Hendriks

**EN** Allow us to present the new catalogue containing our complete range of Fuchsia, Pelargonium Grandiflorum, Angel Pelargonium and Argyranthemum. The upcoming season we will be at your service in delivering perfect quality young plants, providing expert advice in growing and support in promoting your products throughout the horticultural supply chain.

Kind regards,  
Hans, Fred and Ruud Hendriks

## Derde generatie familiebedrijf

**NL** Hendriks Young Plants is gevestigd in Westland, het epicentrum van de internationale tuinbouwsector. Het familiebedrijf is in 1960 opgericht door Jan Hendriks. Zijn zonen Hans en Fred Hendriks zijn zich vanaf 1970 gaan specialiseren in het produceren van jonge planten voor Fuchsia en Pelargonium Grandiflorum. Zij hebben Hendriks Young Plants uit laten groeien tot betrouwbare leverancier van hoge kwaliteit jonge planten aan kwekers binnen en buiten Europa. Inmiddels zet de derde generatie zich ook volledig in om deze marktpositie verder te versterken.

## Third generation family business

**EN** Hendriks Young Plants is situated in Westland, the epicentre of international horticulture. The family business was founded by Jan Hendriks. His sons, Hans and Fred specialized in producing young plants for Fuchsia and Pelargonium Grandiflorum. They have been responsible for growing the company into a reliable supplier of high quality young plants to customers in and outside Europe. Meanwhile, the third generation is committed to further strengthening this market position.

Mosquitaway Eva \*

Mosquitaway are lavish flowering Angel Pelargoniums for both your home or garden. The strong citrus scent of these plants acts as a deterrent to mosquitoes which appear to dislike the lemony scent.
